[Culinary delicacies]

Good food and fine cuisine are as much part of a successful holiday as the ice is part of the impressive Hintertux glacier. An exquisite glass of wine in our welcoming chimney room. We will make sure that you are well catered for at all times. After all, food is its own declaration of love and we do want you to fall in love with the Neuhintertux at first sight – or, as it were, at first bite!

*Feed your
body and soul*

[Active winter]

We can think of many reasons why you will look back on a winter holiday at the Neuhintertux with very fond memories indeed. For starters, you are practically surrounded by the white stuff. The funicular whisking you off to your adventures in snow and ice is a mere 50 metres from the hotel – a snowball's throw! And it is thanks to the eternal ice that the Hintertux glacier is open for winter activities all year round. Up, up and away you soar to 3.250 metres (that's an impressive 10.662 feet to you imperial folks out there!) where snow is guaranteed and conditions are perfect. Test your mettle on 60 kilometres of slopes until your knees start shaking then recharge your batteries in one of the many rustic gathering places dotted around the mountains.
